The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Ozarks Technical Community College Electrical Distribution Systems career training at the Richwood Valley Campus for fiscal year 2022.

The entity to receive funding for this project is Ozarks Technical Community College, located at 1001 E. Chestnut Expressway, Springfield, MO, 65802.

The funding would be used for equipment and other capital expenses to begin offering Electrical Distribution Systems career training at the Richwood Valley Campus. With capital support to start the program, Ozarks Technical Community College can provide sustainable operational funding through tuition revenue and local support. That will allow this initial investment to meet the needs of rural utilities and their customers for the future while preparing rural students for quality careers.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Billy Long
Member of Congress
